SLOW DOWN, WITHOUT MISSING A BEAT

Things move pretty fast in today's world. We're presented with opportunities for entertainment, communication, and information like never before. So how can we get at grip on the world, without dumping it all and moving to a cabin in the mountains? Slowing down, and seeking simplicity is one answer.

All Tangent table-top radios combine straightforward retro styling with the high-tech entertainment options of today. Simply put, these instant classics evoke images of a simpler time,

while delivering today's music. So slow down with Tangent, without ever missing a beat.

IMPRESSIVE PERFORMANCE

Once you've heard a Tangent table-top radio perform, it's tough to believe your own ears. The single speaker and bass-reflex construction delivers a well-rounded sonic performance rivaling other quality stereo systems.

tangent

HANDY SIZE

What's more, their handy size makes them perfect for placement exactly where you need a radio. Try on in your kitchen, your workshop, your home office, or your child's room. Better yet, take one for each, and keep your music close by.

QUALITY MATERIALS

All Tangent table-top radios feature wooden cabinets and bass-reflex constructions for superior sound reproduction. The difference in performance is noticeable, especially when

compared to radios with cabinets in plastic. Tangent is committed to utilising high-quality materials throughout.

You can find Tangent table-top radios at a dealer near you.

PRECISELY WHAT YOU NEED

The pioneer. The one that got it all started. Number one. Tangent Uno is the senior statesman among Tangent table-top radios, and its experiences are priceless.

Three simple operating knobs, and a prominent analogue display. So simple, it's sophisticated. Tangent Uno stands and performs with confidence. It delivers precisely what you need – and even more than you'd expect: great performance from an appealing cabinet, available at an attractive price.

Tuning the FM/AM radio is like taking a trip back in time: turn the solid knob and keep an eye on the 50's inspired tuning dial showing the setting. You can practically hear the be-bop on the airwaves. Have a lot of music on a portable MP3-player? Just connect it via the auxiliary connection and get the most out of your music from this century.

The 3" driver unit provides a full range of musical experiences, filling your listening space with sound. Rich low-frequency effects complement the sharp treble found at the opposite end of the sonic spectrum.

DUO

Say hello and good morning to Tangent Duo, a simply splendid clock radio

tangent DUO CLOCK RADIO

THE PERFECT WAKE-UP CALL

Say goodbye to shrill electronic beeps. Bid farewell to thin, tin-can sounding clock radio sound. Say hello and good morning to Tangent Uno, a simply splendid clock radio.

Delivering the perfect wake-up call, this elegant addition to your bedside does its best to pleasantly awaken you. The FM/AM radio contained within features classic manual tuning, in tune with Tangent Uno's retro styling. The robust feel you experience when turning the dial conveys the quality of the mechanics inside.

The sound that emerges once you've found your preferred radio station, proves here, at least, performance and beauty can indeed go hand-in-hand.

The precision quartz clock ensures proper time-keeping, and it works seamlessly with the powerful radio when morning arrives. Smoothly turning the rotating bezel, you set the time for the alarm, and glide off to sleep. Use the discrete snooze button on the top, and grab a couple of extra winks, if you wish.

tangent TRIO DAB RADIO

THREE TIMES AS NICE

Everyone likes good music and the variety of radio stations from which they can choose. Recent technological advancements have created a range of stations which would stun generations of radio listeners before us.

The Tangent Trio combines two of these sources along with a digital clock radio. This captivating collection consists of FM or DAB (Digital Audio Broadcasting). Quite literally at the core of things, the DAB tuner with accompanying display allows reception of all three types of signals, ranging from dedicated music, talk, or even genre-based stations.

What's more, Tangent Trio uses DAB's strengths in order to display information including the name of the station you're tuned to, information about the song that's currently playing, what's coming up next, or a whole lot more.

The alarm clock features a gentle start-up and snooze functions, perfect for a sweet beginning of each day. Excellent sonic performance rounds out the experience.

Take full advantage of DAB's superior sound with a superior sounding radio: Tangent Trio.

QUATTRO₄

Access like never before and the possibilities are almost endless

tangent QUATTRO INTERNET RADIO

ACCESS LIKE NEVER BEFORE

So you're sitting in your living room in Australia, listening to a radio station in Armenia. You think about a switch to a station in America, but decide to listen in on your true favourite from Austria. And you do it all within a matter of seconds. You're listening to internet radio, and the possibilities are almost endless.

Tangent Quattro is the first internet-capable member of the Tangent audio family. Connecting to several thousands of internet radio stations is as simple as it is pleasurable.

Reproduction of the digital signals sent through cyberspace fully lives up to your expectations, with the powerful 3" up-firing driver unit performing to perfection.

So go on-line with your Tangent Quattro. Just make sure you've got a comfortable chair, because you may end up listening for a really long, enjoyable time. And you never know where you might end up.
